Part Number: 5500, 5566

5500 Series Thin Clients for Dumb Terminal Replacement

Value Class

The 5500 Series is optimized to work as the perfect green screen replacement, while the user experience is enhanced by the additional functionality included within the Thin Client. These “Ethernet Terminals” include a combination of high 5250 performance and the flexibility to connect to an existing or future MS Terminal Services/Citrix Server, to provide access to additional applications as needed. Further creating a “future proof” environment for your organization, thus eliminating the needed for premature hardware refreshes at the desktop level.

These Thin Client offer exceptional features and benefits without compromising the users precious desktop workspace. The 5500 range comes with a removable stand and an optional VESA mounting bracket allowing the unit to be mounted on the back of the monitor, on a wall or in a cabinet if required, to maximize on space-saving.

The 5500 Series Thin Clients support four modes of operation; Desktop Mode, WBT Mode, Kiosk Mode and TBT Mode.

▶ Small Form Factor	▶ VESA Mounting Capable
▶ TN5250e/TN3270e with Split Screen	▶ 802.11 b/g/n Wireless Capable
▶ PCI Compliant 5250 with SSL Support	▶ Centralized Management

5500 Series Thin Clients for Dumb Terminal Replacement

5500 Series Models

System	
Management	10ZiG Centralized Manangement Utility
Form Factor	Ultra Mini
Processor	VIA 1.0GHz
Chipset	Integrated VIA VX855
Dimensions	
Device	1.4"(W) x 6.1"(H) x 4.8"(D)
Weight	1.0 lbs
Connections	
Ports	USB x 4, PS2 x 1, Line-Out x 1, Mic-In x 1, Internal Speaker x 1
Video	DVI-I x 1 *(VGA Supported with Included Adapter)*, 1600 x 1200 x 32 (24 on Linux) Bit Color
Networking	
Wireless	Optional Internal Wireless 802.11 b/g/n
Ethernet	10/100/1000 Base-T, PXE
Environmental	
Operating Temp.	32~95F (0~35C), 20-80% non-condensing humidity
Power	8 Watt Consumption, 36 Watt, DC-12V/3A Input

WARRANTY: All Thin Clients include a 3-Year Advanced Warranty

SPECIFICATIONS:

1. Power Button (LED inside)
2. Network Light
3. Audio Out
4. Mic In
5. Front USB (x2)
6. Stand
7. Ethernet 10/100/1000
8. Back USB (x2)
9. DVI Socket
10. PS2 Keyboard Port
11. Power
12. Kensington Lock
